Since 1 March 2008 traffic for trucks and combination vehicles with an MPW of more than 7.5t is prohibited at the crossing border points of Secovlje, Socerga, Vinica, Rigonce and Gibina.

### **Exceptions**

1. The transport or towing of damaged or broken down vehicles. In such cases, only a company registered for this type of activity may move the vehicle to the nearest suitable place.
2. Humanitarian aid transport.
3. Vehicles involved in combined transport operations (rail or sea)
  - vehicles travelling to a rail or ferry terminal if there is a possibility that by respecting the driving restrictions the vehicle would not arrive at the terminal in time; the driver must prove this by means of the relevant documentation;
  - vehicles travelling from a rail or ferry terminal to the nearest border crossing, if the vehicle can complete the transport operation in the other country.
4. The refrigerated transport of perishable goods.
5. The transport of fresh flowers.

6. Empty vehicles which are travelling to a place where they will be loaded or from a place where they have been unloaded provided this can be proved by means of the relevant documentation.

**Points to note**

Before the beginning of the restriction, drivers must immobilise their vehicles in suitable parking places at the roadside.

During the period of the restriction, foreign-registered vehicles of over 7.5t GVW or over 14m in length may not enter Slovenia, but should use the parking areas in the border zone.

In winter conditions, it is forbidden to drive combination vehicles, vehicles transporting dangerous goods, as well as exceptional loads. Even if these vehicles have the compulsory winter equipment, entry into Slovenia is not permitted while winter conditions prevail. This does not apply to vehicles registered in Slovenia if there is a suitable parking place at the border crossing allowing these vehicles to be removed from the traffic. It is the driver's responsibility to stop at the first suitable off-road parking area until the roads have been cleared.

In the case of high winds, trucks, combination vehicles, buses and coaches are prohibited on certain road sections. These restrictions are signposted.
