

The EasyGo+ service

One on-board unit, four countries

The toll consortium EasyGo has been able to implement a one-contract interoperability solution for vehicles over 3.5 tons MPW. The EasyGo+ service means you can use a single on-board unit to pay tolls in Austria, Denmark, Sweden and Norway. You just need to register your vehicle with one toll service provider - and you will then receive an activated on-board unit, ready for use. It's as simple as that - EasyGo+.

Remember to return the GO-Box at a GO point of sale if you have registered a vehicle for the EasyGo+ service in order to avoid any unwanted double toll debits.

You will find further information on www.easygo.com.

If you're interested in the EasyGo+ service, please contact the ASFINAG Service Center or BroBizz A/S, the toll service provider in Denmark:

ASFINAG:

Telephone: 0800 400 12 400 (toll-free from Austria, Germany and Switzerland) or

+43 (0)1 955 12 66

Fax: +43 (0)1 955 12 77

E-mail: info@go-maut.at, website: www.go-maut.at / www.asfinag.at

BroBizz A/S:

Business Customer Services, Telephone +45 7020 7049

E-mail: easygo+@brobizz.dk or easygoplus@brobizz.dk, website: www.brobizz.dk

Using EasyGo+ includes the following benefits:

- Just ONE on-board unit needed to pay tolls in FOUR countries
- Just ONE contract with a single toll service provider, rather than multiple contracts with various operators
- Just ONE accounting department
- Simple electronic payment in FOUR countries, without having to hold money in the required currencies at the toll booths

The employees of the ASFINAG Service Center can also be reached on info@go-maut.at or by phone at 0800 400 12 400 (toll-free from Austria, Germany and Switzerland) or at +43 (0)1 955 12 66.
